

KIPP Miami 403(b) Plan

This document contains important information concerning our retirement plan. The first section provides you with information about the plan in general, including any expenses you might incur through participation in the plan or through taking advantage of different plan features. The second section provides information about the plan's investment alternatives, including any fees or expenses associated with those investments.

If you have questions concerning any of this information, contact Plan Administrator, KIPP Miami, Inc. or 60 Park Place Suite 802, Newark, NJ 07102.

Plan Information

The Plan is intended to be an ERISA Section 404(c) plan. This simply means that you "exercise control" over some or all of the investments in your Plan account. The fiduciaries of the Plan may be relieved of liability, or responsibility, for any losses that you may experience as a direct result of your investment decisions.

As a Plan participant, you may request certain information from Plan Administrator's Representative Alerus Retirement and Benefits, Suite 400, Two Pine Tree Drive, Arden Hills, MN 55112, Phone: 800-433-1685. This information includes: annual operating expenses of the Plan investments; copies of prospectuses, financial statements, reports, or other materials relating to Plan investments provided to the Plan; a list of assets contained in each Plan investment portfolio; the value of those assets and fund units or shares; and the past and current performance of each Plan investment.

You may direct the investment of your account by logging in to your account at www.alerusrb.com or using the plan's Voice Response Unit by calling 1-800-795-2697. You must have a user identification number and password to access these systems. Generally, investment directions submitted by 3:00 p.m. Central Time on days when the major stock exchanges are open for business will be reflected in your account based upon the value of the investment as of market close. Generally, investment directions submitted after 3:00 p.m. Central Time, on weekends or holidays will be reflected based upon the next business day's value.

Other Plan Information

Alerus shall execute and deliver to the Plan Sponsor, any vote or proxy relating to securities held by the Plan's trust. Alerus shall vote such securities only to the extent and as directed by the Plan Sponsor or, if applicable by an appointed investment manager.

Other Plan-related Expenses

Retirement plans have different types of expenses.

Administration expenses – These are charges for services such as legal, accounting and recordkeeping expenses.

In our Plan, these expenses are paid partly by the Plan sponsor and partly by participants. A participant's share of these expenses is allocated on both a pro rata and a per capita basis. Certain fees may be applied pro rata (i.e., your share of these expenses is based on the value of your account balance over the total assets in the Plan) while others, may be applied per capita (i.e., your share of these expenses is determined by dividing the total expense by the number of participants in the Plan).

Your employer pays the following general plan expenses: Alerus Annual Active Participant Recordkeeping Fee: \$25 per Participant; Alerus Annual Administration Fee: \$1,500; Alerus Annual 5500 Electronic Filing Fee: \$50. In the event that your employer did not pay these amounts, they would be deducted from your account pro rata. Your account is charged a pro rata share (your account value/total plan value) of the following general plan expenses: Alerus Annual Asset Based Fee: First \$1 to \$1,000,000 – 0.50%, Next \$1,000,001 to \$2,000,000 – 0.35%, Next \$2,000,001 to \$5,000,000 – 0.25%, Next \$5,000,001 to \$10,000,000 – 0.20%, \$10,000,001 or more – 0.15%. Your account is charged with the full amount of the following expenses: Terminated Participant Account Fee: If you terminate employment, Alerus will charge a fee of \$25 directly to your account balance. Some mutual funds held by the Plan may make periodic revenue sharing payments to Alerus. Upon receipt of revenue sharing, Alerus will credit it to the participant's account based upon the investment which generated it. Small Account Balance Fee: Terminated participants with balances smaller than the current distribution fee may be charged a small account balance fee equal to the current distribution fee listed in this disclosure.

Individual expenses – These are expenses you may incur if you take advantage of certain Plan features.

Loans – A \$100 processing fee for each new loan and an annual \$50 maintenance fee will be charged to your account.

Qualified Domestic Relations Order (QDRO) – The following QDRO-related expenses will be charged to your account:

- A \$500 processing fee for each domestic relations order

Distributions – The following distribution-related expenses will be charged to your account:

- A \$100 processing fee for each type of distribution requested

Investment Help (Guidance/Advice) – Our Plan offers to help you make decisions with respect to your Plan investments. There is no charge for this service.

Other Expenses – You may incur certain charges for:

- Additional overnight charge: \$35
- Wire transfer fee: \$20

Document Summary

This section has two parts. Part I consists of performance information for plan investment options. This part shows you how well the investments have performed in the past. Part II shows you the fees and expenses you will pay if you invest in an option.

Part I. Performance Information

Table 1 focuses on the performance of investment options that do not have a fixed or stated rate of return. Table 1 shows how these options have performed over time and allows you to compare them with an appropriate benchmark for the same time periods. Past performance does not guarantee how the investment option will perform in the future. Your investment in these options could lose money. Information about an option's principal risks is available on the Web site[s].

Each investment in the table also has a "benchmark". The benchmark allows you to compare an investment's performance to the performance of a widely used collection of investments. While you cannot invest in a benchmark, the performance of the benchmark will give you an idea of how well the investment did in the same time period.

Part II. Fee and Expense Information

Table 2 shows fee and expense information for the investment options listed in Table 1. Table 2 shows the Total Annual Operating Expenses of the options in Table 1. Total Annual Operating Expenses are expenses that reduce the rate of return of the investment option. Table 2 may also show Shareholder-type Fees. These fees are in addition to Total Annual Operating Expenses.
